

DECISION ANALYSIS VIRTUAL REFRESHER

www.kepner-tregoe.com

Has it been a while since you took a Kepner-Tregoe workshop? Does it feel like your Kepner-Tregoe Decision Analysis skills need some fine-tuning? Would you like access to the latest KT learning tools? In this dynamic, three-hour virtual refresher course, you'll work in a virtual group environment to put into practice the processes you learned in KT's Problem Solving and Decision Making workshop.

Key Benefits

Reintroduce yourself to key KT Decision Analysis concepts to establish a systematic approach to decision making.

Learn from wherever you are in our virtual group environment led by a KT instructor.

Put into practice your decision making skills with a practice case and dynamic group interaction.

You will learn to...

Refresh your decision making skills, whether for small or big decisions.

Practice Decision Analysis with a video-based case to demonstrate rapid use.

Audience: Anyone who has previously taken a KT workshop that included KT Decision Analysis (e.g. Problem Solving and Decision Making, Problem Management, Analytic Troubleshooting etc.). As this workshop is fast-paced, some use of Decision Analysis in the recent past will be very helpful.
